(b) The Applicant should assess whether the Applicant has the ability to service the repayments on the proposed loan. If the Applicant's loan is a variable rate loan, and if interest rates rise, the Applicant's total repayment amount will be increased. (c) If unit prices fall beyond a certain level, the Applicant may be asked to provide additional acceptable collateral (where units are used as collateral) or pay additional amounts on top of the Applicant's normal installments. If the Applicant fails to comply within the time prescribed, the Applicant's units may be sold towards the settlement of the Applicant's loan. The value of units may fall just when the Applicant wants the Applicant's money back even though the investment may have done well in the past. (e) This brief statement cannot disclose all the risks and other aspects of loan financing.
