2. Amendment to Section 4.1.1 - Sales Charge[^]

The information in relation to the "Sales Charge" disclosed on pages 119 to 121 of the Hong Leong Master Prospectus dated 27 February 2023 and pages 20 to 21 of the 1st Supplemental Hong Leong Master Prospectus dated 18 August 2023 is hereby deleted in its entirety and substituted with the following:

A sales charge is a front-end fee incurred by a Unit holder when the Unit holder purchases Units of a Fund. The Manager uses the sales charge to pay marketing, advertising and distribution expenses of the Fund(s). Sales charge is rounded to the nearest two (2) decimal places.

Illustration on how sales charge is calculated

Assuming an investor makes an investment of RM10,000 on 2 October 2023 and that the NAV per Unit for the Fund at the end of the Business Day on 2 October 2023 is RM0.5000. If the sales charge is 6%, then the computation of the sales charge will be as follows:-

$$\begin{aligned}
 \text{Sales charge} &= \text{Sales charge} \times \text{amount invested} \\
 &= 6\% \times \text{RM10,000} \\
 &= \text{RM600}
 \end{aligned}$$

2. Amendment to Section 1 - Definitions

3. Amendment to Section 3.1.5 - Distribution policy*

The information in relation to the “Distribution policy” of Hong Leong Growth Fund disclosed on page 20 of the Hong Leong Master Prospectus dated 27 February 2023 is hereby deleted in its entirety and substituted with the following:

The Fund intends to provide Unit holders with medium to long-term capital growth and aims to provide regular distribution of income. The distribution of income will be in the form of additional Units, unless Unit holder opts for the distribution to be paid out.

The Manager’s current intention is to declare distributions out of the income and/or capital** of the Fund after deducting fees and expenses incurred by the Fund. Income distribution may be declared out of capital** if the Fund does not have sufficient net realized gains or net realized income from the current financial year. The rationale for providing for payment of distribution out of capital** is to allow for the ability to provide a stable and consistent level of distribution to Unit holders. Distribution out of capital** carries the risk of eroding the capital of the Fund and as a result the value of future returns may be diminished.

* *Income distributions (if any) are not guaranteed. Distributions of income will only be made from realised gains or realised income derived from the investments of the Fund(s).*

** *Capital refers to unrealised income or unrealised gain.*

4. Amendment to Section 3.5.5 - Distribution policy*

The information in relation to the “Distribution policy” of Hong Leong Dividend Fund disclosed on page 33 of the Hong Leong Master Prospectus dated 27 February 2023 is hereby deleted in its entirety and substituted with the following:

The Fund intends to provide regular income** and potentially, consistent long-term capital appreciation. Regular income returns will be declared depending on interest rates, market

conditions and performance of the Fund. As such, the Fund will strive to declare distributions annually, if any, in the form of either cash or additional Units to the Unit holders.

The Manager's current intention is to declare distributions out of the income and/or capital^{***} of the Fund after deducting fees and expenses incurred by the Fund. Income distribution may be declared out of capital^{***} if the Fund does not have sufficient net realized gains or net realized income from the current financial year. The information in relation to the “Sales Charge” disclosed on pages 119 to 121 of the Hong Leong Master Prospectus dated 27 February 2023 is hereby deleted in its entirety and substituted with the following:

Assuming an investor makes an investment of RM10,000 on 25 April 2023 and that the NAV per Unit for the Fund at the end of the Business Day on 25 April 2023 is RM0.5000. If the sales charge is 6%, then the computation of the sales charge will be as follows:-
